Assembling instructions

Parts needed:

Extra parts:

Papersaver

labelled Knobs

Step 1: Put the guide for X-carriage in the base

**Pliers are useful
to ensure perfect fitting**

Step 2: Put the Y-carriage support

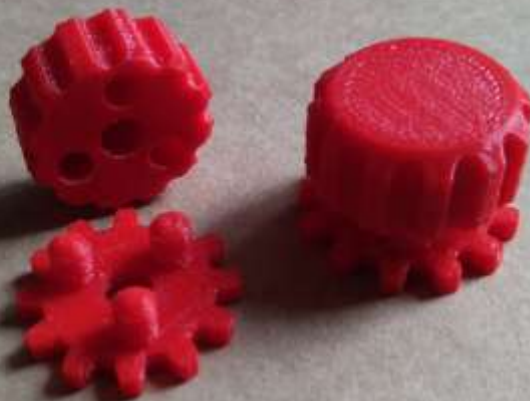

I needed some sanding :(

Step 3: Put the X-gear and the Y-cover

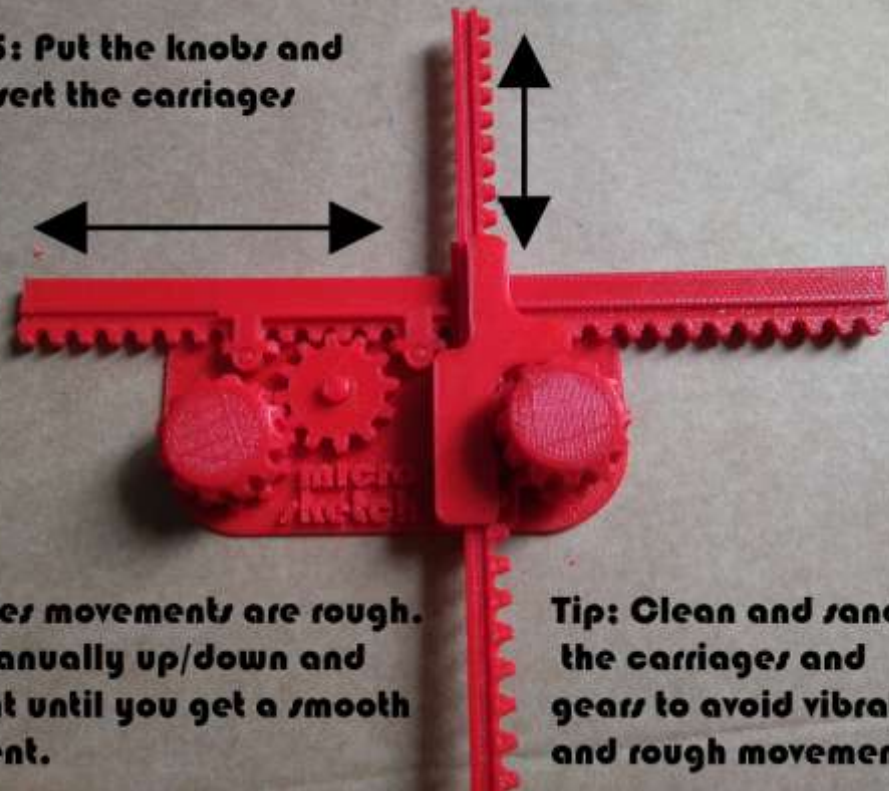

Step 4: Put the knobs in the 3-pins gears

Pliers are useful again.

Step 5: Put the knobs and insert the carriages

Pencil Holder

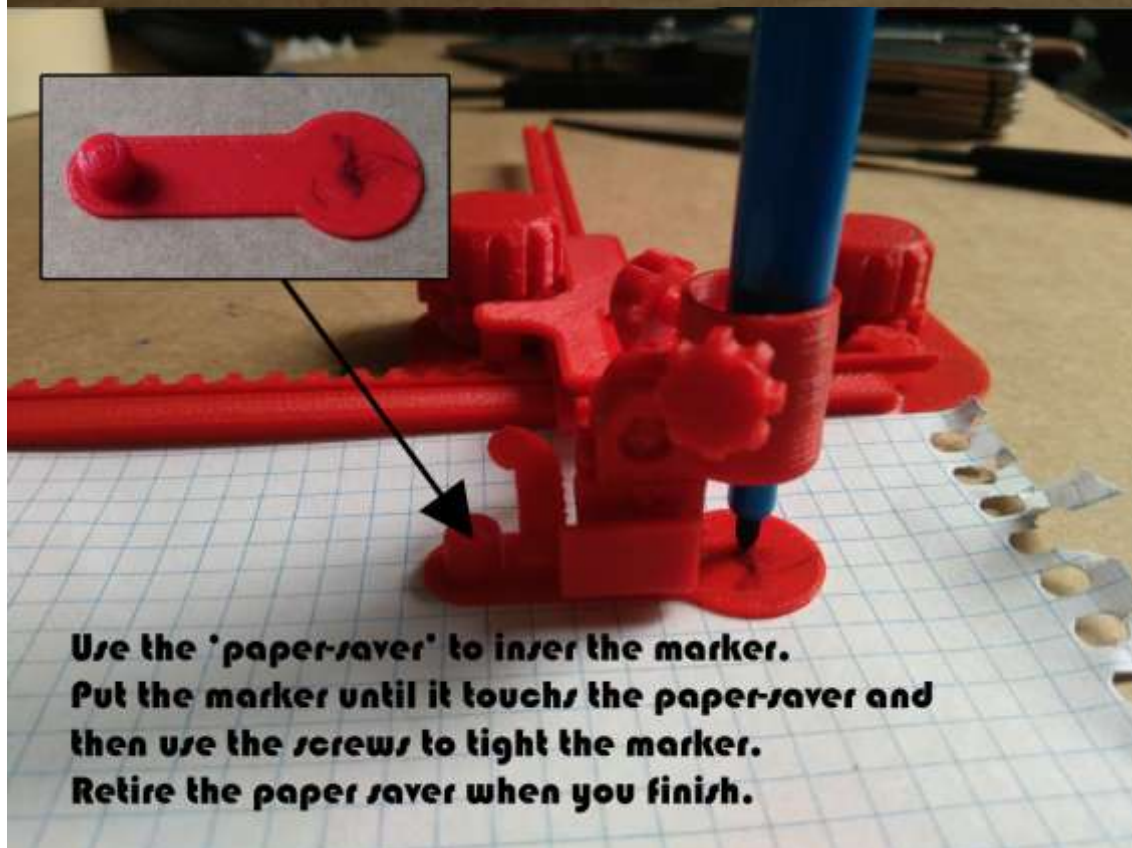

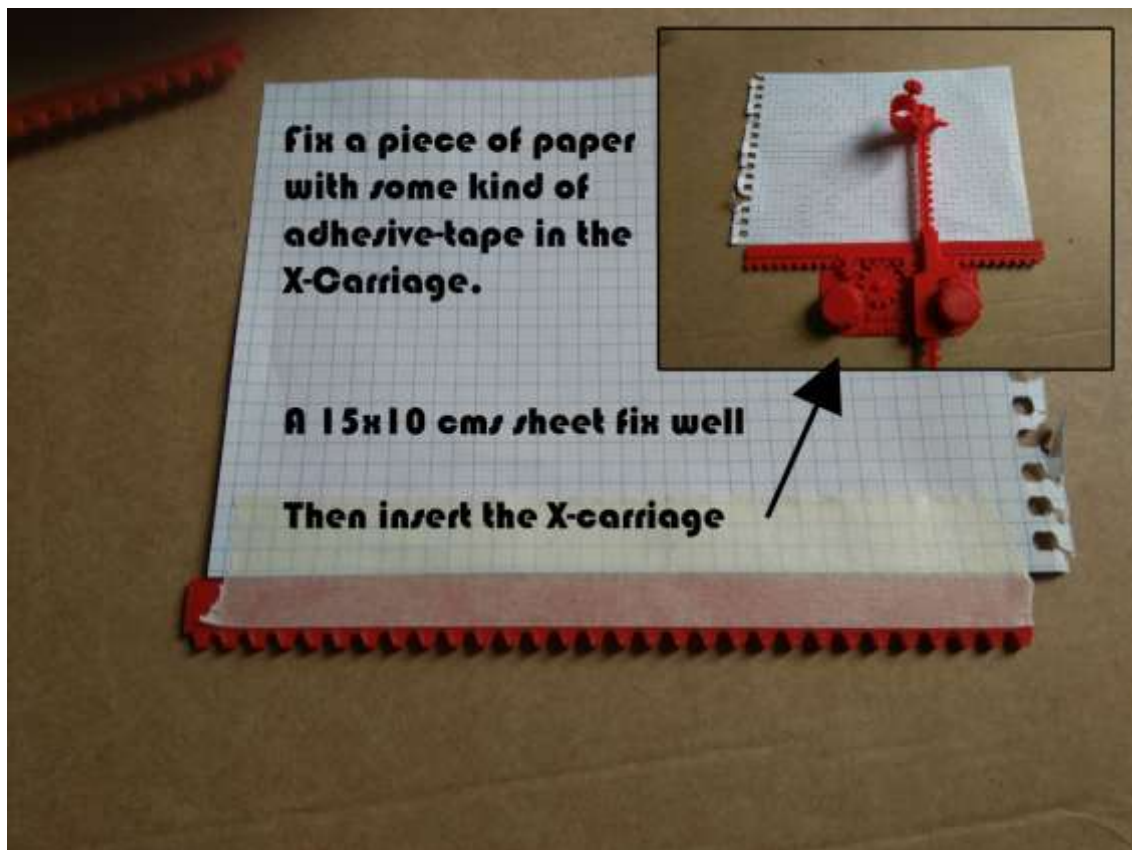

Mount the 3 parts of pencil holder

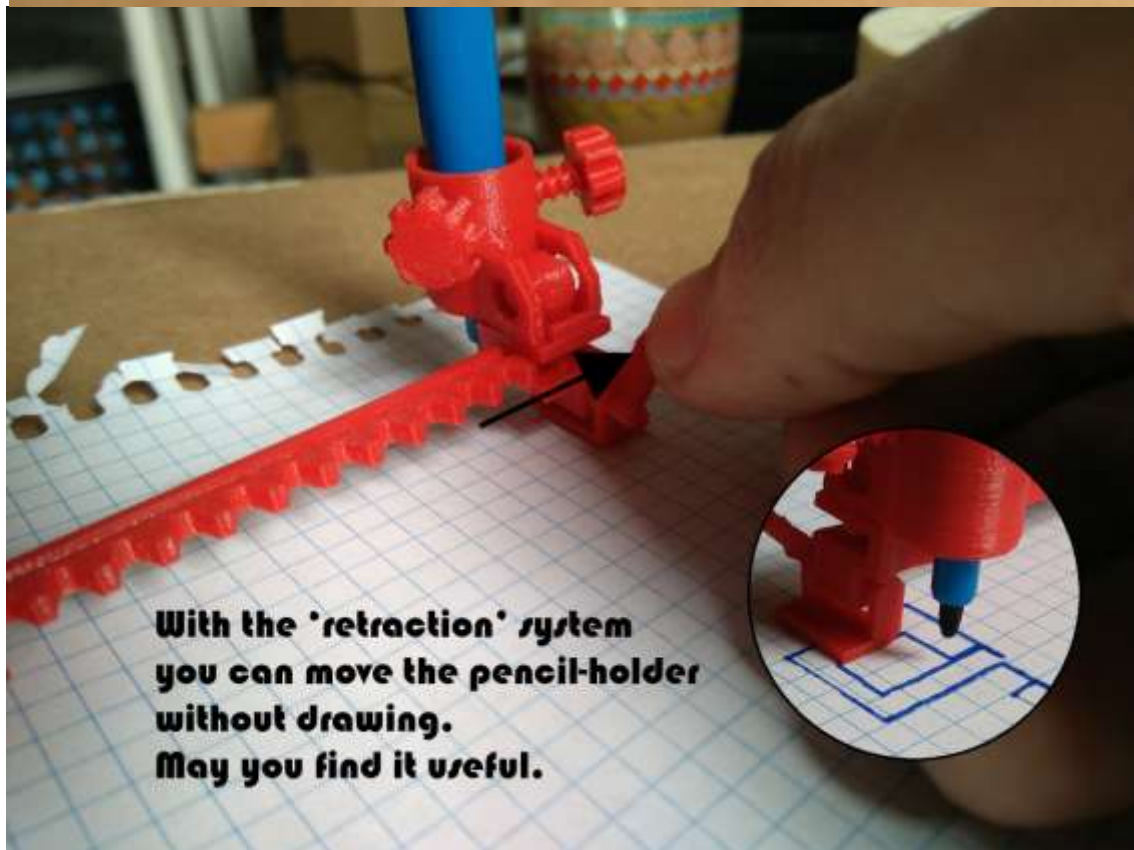

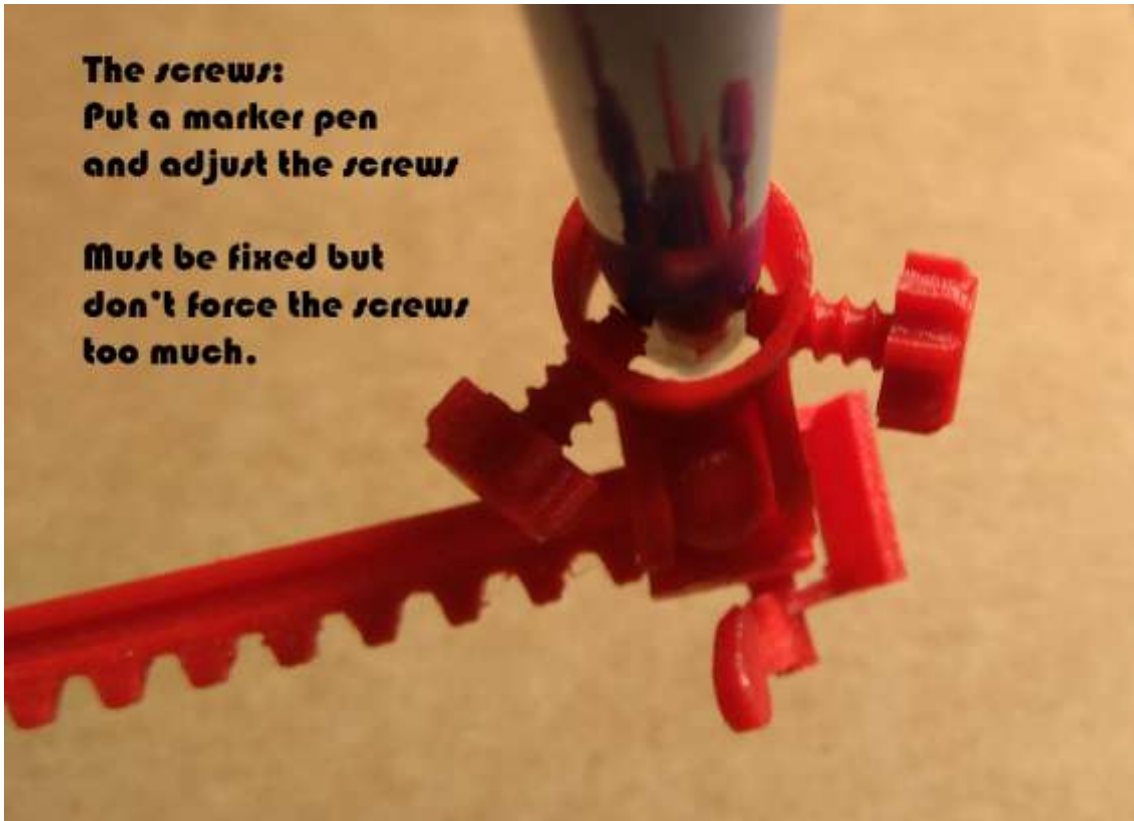

Push the Y-carriage until it's fixed

**The screws:
Put a marker pen
and adjust the screws**

**Must be fixed but
don't force the screws
too much.**

**With the 'retraction' system
you can move the pencil-holder
without drawing.
May you find it useful.**

Have fun!!
